Online Evaluations:
EIP will *Go Green* with your help!

The paper evaluation system uses over 300,000 forms and 18,000 envelopes a year – that comes to over 4,700 pounds of paper that will be saved!

- Online evaluations are easily accessible in weeks 9 and 10 by logging into MyUCLA
- Instructors are able to retrieve reports through MyUCLA after finals end and grades are turned in on time.
- Each department office will continue to receive all reports via Box.com.
- The online system is more efficient, flexible and cost effective to manage in the long run.

*Please help us by encouraging your students to participate in online evaluations! We have great suggestions for increasing quality feedback.*
